Final Environmental Impact Statement

The BLM published the Notice of Availability (NOA) for the Thacker Pass Final Environmental Impact Statement (FEIS) in the Federal Register on December 4, 2020. The release of the FEIS initiated a 30-day review period. Following the conclusion of that period, a Record of Decision (ROD) will be announced through local media and posted with the FEIS here.

The proposed project consists of an open pit lithium mine, processing facilities, and continued exploration of adjacent lands located in northern Humboldt County, Nevada, approximately 17 miles northwest of Orovada, 53 miles north-northwest of Winnemucca, and 20 miles south of the Oregon state border. The proposed project will have a life expectancy of approximately 41 years.

Public review and participation are encouraged. The FEIS and

supporting documentation can be found under the Documents tab. A printed copy can also be viewed at the Winnemucca, McDermitt, and Denio branches of the Humboldt County Library, following the access protocols of each facility. Due to current BLM COVID-19 policy, which requires that BLM offices remain closed to the public, copies of the FEIS will not be available for review at the Winnemucca District office. Should this policy change, hardcopies of the document will be made available for viewing in our public room. A copy of the FEIS in Adobe Acrobat® portable data format (PDF) files on a universal serial bus (USB) data storage device (*i.e.* flash drive) is also available upon request (see How To Get Involved tab).
